

List of Poster Presentations

Presenter		Title of Presentation
Posters on Animal Welfare, Ethics and Law		
Beljak	Bruno	Caring for food — mutual cooking in animal owners as healthy eating style change and sustainable food practice
Cardoso	Sandra	Characterization of adopted dogs and cats
Codecasa	Elisa	Proposal of a method used in the assessment of welfare in research catteries
Cranley	John	Bruised Turkey's Wings at Ante- Mortem
Dalla Villa	Paolo	Animal welfare in Italian long-term shelters. Benchmark against an "ideal shelter".
De Mori	Barbara	Correlation between free choice profiling scores and quantitative assessment of elephant behaviour
Dovc	Alenka	Exposure to stress in different categories of racing pigeons at the time of racings
Gilbert	Caroline	Assessing welfare and improving human-animal relationship in beef cattle farms: a case study in France
González-Martínez	Ángela	Burnout in Spanish veterinarians
Harlander-Matauschek	Alexandra	Farmer awareness and control strategies of feather cover damage in laying hens
Harlander-Matauschek	Alexandra	Hens consume excreta of other hens despite excreta-free feed being available
Katzurke	Xenia	A behavioural patient from shelter becomes a police dog
Katzurke	Xenia	Happy tail syndrome in a sheltered Great Dane
Klein	Sandrina	Technopathies of the limbs in finishing pigs
Lange	Annika	Talking to cows – a comparison of reactions to playback and 'live' talking during human-cattle interactions
Lobato Guimarães	Leonor	Human-reptile bond and its implication for the welfare of domestic semiaquatic turtles in Portugal
Mariti	Chiara	Blood biochemical parameters in free-ranging red deer (<i>Cervus elaphus elaphus</i>) after chemical and physical restraint.
Nannoni	Eleonora	Three years of research on manipulable materials in Italian heavy pig production: a synopsis
Passantino	Annamaria	Palliative sedation as alternative to pets' euthanasia
Perez Fraga	Paula	What's new? Individual variation in response to novelty in minipigs (<i>Sus scrofa domesticus</i>)
Riggio	Giacomo	Effects of feeding enrichment on the behavior and welfare of captive wolves (<i>Canis lupus lupus</i>)
Rovelli	Giacomo	Effect of rubber mats on behavioural and health indicators in weaning and fattening Italian heavy pigs
Salgirli Demirbas	Yasemin	Multidisciplinary Educational Approach for Improving Animal Welfare: Product Family for Improving Well-being of Cats and Dogs
Stvarnik	Mateja	Evaluation of the relevance of sex hormones in the faeces of the Hermann's tortoise (<i>Testudo hermanni</i>) by the ELISA method
Titeux	Emmanuelle	Pilot study on the effect of classical music played with an audio ear net on the stress of horses during medical X-Ray examinations
Titeux	Emmanuelle	New housing in horses: are "paddock paradise" and "active stables" really improving welfare?
Xexaki	Anna	Biosecurity as a welfare component in broiler farms: How it is related to the prevalence of resistant strains of <i>Escherichia coli</i> .
Zau	Yara	Perspective of the Portuguese society towards bullfights
Posters on Behavioural Medicine		
Arhant	Christine	Prescription of psychotropic drugs for dogs during New Year's Eve by Austrian and German veterinarians and their attitudes to noise aversion
Bergamini	Moreira	The emotional impact on veterinarians caused by the death of their patients

Bleuer-Elsner	Stephane	The use of 4A scale for veterinary guiding in canine behavioral disorders: first results of an ongoing study
Cannas	Simona	Effect of Felisept spray® on signs of travel anxiety in cats
Cannas	Simona	Characteristics of cats submitted to behavioral examination: a retrospective study
Cimarelli	Giulia	Partial rewarding during clicker training in dogs: effects on learning speed and affective state
da Silva-Monteiro	JP	Psychoactive drugs – rational use to change dog and cat's stress behaviour during hospitalization
De la Torre Díaz	Mariana	Evaluation of empathy levels towards animals using a validated scale by Paul, (2000) within a population sample in Mexico City
Elzerman	Ashley L.	A survey investigating the observed frequencies of conflict signs between cats in multiple cat households
Gilbert	Caroline	Enhancing dogs' welfare during a veterinary consultation: impact of environmental factors and positive interactions before the consultation
Grath	Stephanie	"Edda" Every day a little step- Consultation and training of aggression of unknown origin
Isparta	Sevim	The first assessment of dog bite prevention program for pre-school children in Turkey
Kurum	Hilal	Obsessive-compulsive disorder in dogs and cats : A retrospective study of 60 cases (2010-2017)
Landsberg	Gary	Assessing Stress of Car Rides and Rehousing in Laboratory Dogs
Le Brech	Susana	Risk factors related to canine aggression towards family members in Argentina
Ley	Jacqui	A Tale of Two Tails: A Comparison of Two Presentations of Tail Chasing
Luciani	Roberta	Coprophagy in dogs: related factors
Luño	Isabel	Comfort foods in chronically stressed dogs: effects on ghrelin and cortisol levels
Mariti	Chiara	Effects of petting before a brief separation from the owner on dog behavior and physiology: a pilot study.
Masson	Sylvia	Interest of cyproterone acetate in offensive social aggressions in dogs: 3 cases
Masson	Sylvia	Long-term effect of high dose fluoxetine treatment on hypersensitivity-hyperactivity syndrome in dogs: a preliminary retrospective study
Mengoli	Manuel	Monitoring dog's daily activity level with a remote device in separation related disorders: a clinical report.
Mougeot	Isabelle	Effects of a Botanical Blend on Mild Car-Ride Induced Anxiety in Laboratory Dogs.
Normando	Simona	Feeding dogs from raised bowls – a pilot study
Ogi	Asahi	Effects of human-animal interaction and isolation on salivary oxytocin levels in 8 dogs.
Palestrini	Clara	Influence of gonadectomy on canine behavior
Perez Fraga	Paula	Automatic identification of separation anxiety-related behaviours in family dogs (<i>Canis familiaris</i>) in controlled laboratory setting
Riemer	Stefanie	Habituation effects on food choice in dogs – implications for training
Schroll	Sabine	Cat exercise wheel – a new therapeutic tool for cats?
Schroll	Sabine	Quick Guide Kitten Kindergarden – practical implementation of a new concept
Titeux	Emmanuelle	Development of a novel laboratory model reproducing everyday mild stressors in fearful dogs
Yalcin	Ebru	Comparison of clomipramine and fluoxetine treatment in dogs with tail chasing
Yalcin	Ebru	Use of fluoxetine to treat stereotypical pacing behavior in a brown bear (<i>Ursus arctos</i>)
